## Appointments

The summer is just around the corner, and we just want to remind all our clients that our hours are more limited. Please contact our office to reserve appointments.

## Refer a Friend

We at Miracles in Communication would like to be able to help as many children and adults with speech and language disabilities as possible.

So if you or a friend know someone who may benefit from our specialized therapies, please don't hesitate to have them call.

Your referral is the best compliment we can receive.

As always it is a pleasure and an honor to serve you, from all of us here at Miracles!

## Intensive Speech & Language Sessions

We offer one week, two week, or three week long intensive speech/language and/or feeding therapy programs.

Speech and Language and/or feeding therapy is provided on a daily basis for two hours per day for four days per week.

The feeding program will address dysphagia and 'just right' food challenges. This consistency in feeding on a daily basis should transfer to home feeding since the parent is an integral part of the program.

Some clients might choose an intensive week during a school vacation.

Following the intensive, a minimum of one week break from PROMPT therapy is recommended for integration of newly learned motor patterns.

Feel free to ask your therapist how this program might benefit your child.

## Evaluation Discounts

Miracles is offering a 30% discount off the initial evaluation for first time clients or re-evaluations for current clients.
